Ms. Mendonca:

In accordance with Section II. B. 3 of RFP 20-440-1000-00021, I am submitting the below questions for clarification. Please contact me should you have any questions or need anything further.

1. Page 23, IV. C. 2: Can the letter of transmittal form be electronically signed?
2. Page 23, IV. C. 3: Can the Campaign Contribution Disclosure Form be electronically signed?
3. Page 19, III. B. 1: How many hard copies of the "unredacted version" are required? How many hard copies of the "redacted version" are required?
4. Page 20, III. C. 1: is the "Confidential Information" binder (referenced in III. C. 1. Technical Proposal. F. 4) the same as the "redacted version" hard copy/ies mentioned in the previous question? If not, what are the differences?
5. Page 16, II. B. 31: Where is PE10-249 located? The Public Liaison for the State of New Mexico stated that the Governor of New Mexico made an executive order to do away with PE10-249 and the State no longer produces the form.

Sincerely,
