September 22, 2020

Colleagues,

**Do you have 10 minutes to make sure New Mexico receives its fair share of federal dollars for health care, roads, schools, and so much more? If you have not already done so, please [fill out the 2020 Census today](#).**

If you have already filled out the Census, I want to thank you and ask for a favor. Can you reach out to work colleagues, clients, family and friends and ask if they have filled out the 2020 Census? Tell them why the Census matters to so much to New Mexico. Let them know that filling out the Census will determine funding for health clinics in your community, highways, fire departments, disaster response, and education programs such as Head Start and college tuition assistance. Then, ask them to share it with 10 people they know. If we work together, we can reach every New Mexican with this important message.

Here are some online resources that may be helpful for spreading the word:

- [Outreach Materials](#)
- [What questions are asked?](#)
- [How does the Census impact communities?](#)
- [Tribal Resources](#)
- [How the Census protects your privacy](#)

New Mexico's future will be shaped by our Census count and that's why we need everyone to do their part. **The deadline for completing the census is September 30.**

I appreciate your efforts to assist with the essential civic duty. Thanks so much.

Sincerely,

Russell Toal

New Mexico Superintendent of Insurance
