### 1. Summary of Significant Accounting Policies

#### A. Accounting Practices

The accompanying financial statements of Alpha Dental of New Mexico, Inc. (the Company) have been prepared in conformity with the accounting practices prescribed by the National Association of Insurance Commissioners (NAIC) and the New Mexico Office of Superintendent of Insurance.

The New Mexico Office of Superintendent of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of New Mexico for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the New Mexico Insurance Law. The NAIC *Accounting Practices and Procedures* (AP&P) has been adopted as a component of prescribed or permitted practices by the State of New Mexico. The Superintendent of Insurance has the right to permit other specific practices that deviate from prescribed practices. There are no reconciling items between NAIC AP&P and practices prescribed and permitted by the State of New Mexico in the current period.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New Mexico is shown below:

#### B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

#### C. Accounting Policy

Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts or policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

Receivables from subscribers which are older than ninety days are not admitted assets for statutory accounting purposes and are charged against accumulated surplus. As of September 30, 2020 this amount was \$0.

# Notes to Financial Statement

## 1. Summary of Significant Accounting Policies (continued)

Deferred tax asset and miscellaneous provider receivables amounting to \$10,923 have been treated as non-admitted.

Certain expenses and liabilities relating to providers are covered as a result of "hold harmless" terms contained in the provider contracts.

In addition, the Company uses the following accounting policies:

- (1) For the purposes of reporting cash flows, cash and cash equivalents include cash in bank and temporary and short-term funds. Cash and cash equivalents include investments with maturities of three months or less and short-term funds, which when purchased, are due to mature within one year. Short-term investments are stated at amortized cost.
- (2) Bonds and stocks are valued in accordance with valuations prescribed by the NAIC. Generally, bonds are carried at cost, adjusted where appropriate for amortization of premium or accrual of discount computed using the scientific (constant yield) interest method.
- (3) Common stocks and mutual funds are carried at market values recognized by the NAIC with the net unrealized gain or loss included in unassigned funds. Realized investment gains and losses are reported in the statutory statements of operations, based upon the specific identification method of securities sold.
- (4) The Company does not currently own preferred stocks.
- (5) The Company does not issue mortgage loans on real estate.
- (6) The Company does not own loan-backed securities.
- (7) The Company does not have investments in SCA entities.
- (8) The Company does not have investments in joint ventures, partnerships or limited liability companies.
- (9) The Company does not have investments in derivatives.
- (10) The Company does not have a premium deficiency reserve.
- (11) The liability for claims is for services rendered which have been reported to the Company and are unpaid at statement date as well as provisions for claims incurred but not reported at the statement date. The liability for reported claims is based on approved and preauthorized claims unpaid at period-end. The liability for claims incurred but not reported is calculated in accordance with formulas established by management and certified at year-end by an enrolled actuary. Management believes that the liabilities for unpaid claims and claims adjustment expenses are adequate to cover the ultimate net costs of claims to date, but the liability is necessarily based on estimates, and the amount ultimately paid may be more or less than such estimates. These liabilities are subject to continuing review by management and changes in estimates are reflected in current earnings.
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) The Company does not have any pharmaceutical rebate receivables.

C. The Company has no going concern.

The Company applies the provisions of ASC No. 820, Fair Value Measurements and Disclosures (ASC 820), which establishes a hierarchy for inputs used in measuring fair value, as follows:

Level 1 - Valuations are based on quoted market prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access. Since valuations are readily and regularly available, valuation of Level 1 assets and liabilities does not require a significant degree of judgement. The Company considers U.S Treasuries and equity securities as Level 1 assets.

Level 2 – Valuations are based on quoted prices for similar assets in active markets, or quoted prices in markets that are not active for which significant inputs are observable, either directly or indirectly. The Company considers U.S. Government agencies, municipal bonds, mortgage-backed securities, collateralized mortgage obligations, asset-backed securities and corporate bonds as Level 2 assets. The Company currently does not own any assets measured as Level 2 assets.

Level 3 – Valuations are based on inputs that are unobservable and significant to the overall fair values measurement. Inputs reflect management’s best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. The company currently does not own any assets measured as Level 3 assets.

The Company’s investments in fixed income and equity securities are valued through the use of nationally recognized pricing services by the custodian and investment managers. If the company does not agree with the estimated price, the identified prices will be verified by an independent pricing source or through performing independent valuations of inputs and assumptions similar to those used by the pricing service in order to determine prices represent a reasonable estimate of fair value. The Company made no significant adjustments as of September 30, 2020 and as of December 31, 2019.

## Notes to Financial Statement

### 21. Other Items

A. On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak has caused business disruption through mandated and voluntary closings of business and shelter in place orders. The extent of the impact of COVID-19 on the Company's operation and financial performance will depend on certain developments, including the duration of the outbreak and the impact on our customers and dental providers.

The Company has taken a position and committed to our clients, providers and regulators that we will not profit from the pandemic. To this end, the Company has established provisions (reserves) representing excess underwriting gains which will be returned to our customers in various forms of payment relief. Reserves for our customer payment relief programs in the amount of \$5,500 are included as an offset to earned premiums as of September 30, 2020. These reserves are excluded from direct written premiums since the application of the reserves has not yet occurred as of September 30, 2020. The liability for these reserves is recorded within the Company's Aggregate write-in for other liabilities.

At this time, due to the ongoing pandemic, the impact of COVID-19 on the Company is estimated. The Company will continue to monitor and analyze the impacts and will adjust reserves accordingly.

- B. The Company does not have any troubled debt restructuring to report.
- C. The Company does not have any other disclosures and unusual items to report.
- D. The Company does not have any business interruption insurance recoveries.
- E. The Company has not been involved in state transferable tax credits.
- F. The Company does not have any subprime-mortgage-related risk exposure.
- G. The Company does not have any retained assets accounts for beneficiaries.
- H. The Company does not have insurance-linked securities contracts.

### 22. Events Subsequent

In accordance with section 9010 of the Affordable Care Act (ACA), health insurers are subject to an annual assessment based on the amount of the net premiums written during the preceding calendar year, subject to certain thresholds. The Company is exempt from the annual assessment as written premiums were less than the required threshold for the period ending September 30, 2020.
