### 1. Summary of Significant Accounting Policies

#### A. Accounting Practices

The accompanying financial statements of Alpha Dental of New Mexico, Inc. (the Company) have been prepared in conformity with the accounting practices prescribed by the National Association of Insurance Commissioners (NAIC) and the New Mexico Office of Superintendent of Insurance.

The New Mexico Office of Superintendent of Insurance recognizes only statutory accounting practices prescribed or permitted by the State of New Mexico for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the New Mexico Insurance Law. The NAIC *Accounting Practices and Procedures* (AP&P) has been adopted as a component of prescribed or permitted practices by the State of New Mexico. The Superintendent of Insurance has the right to permit other specific practices that deviate from prescribed practices. There are no reconciling items between NAIC AP&P and practices prescribed and permitted by the State of New Mexico in the current period.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of New Mexico is shown below:

#### B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

#### C. Accounting Policy

Health premiums are earned ratably over the terms of the related insurance and reinsurance contracts or policies. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

Receivables from subscribers which are older than ninety days are not admitted assets for statutory accounting purposes and are charged against accumulated surplus. As of June 30, 2021 this amount was \$113.

## Notes to Financial Statement

### 1. Summary of Significant Accounting Policies (continued)

Deferred tax asset, prepaid income tax, prepaid premium and muni tax, prepaid other, and miscellaneous provider receivables amounting to \$12,399 have been treated as non-admitted.

Certain expenses and liabilities relating to providers are covered as a result of "hold harmless" terms contained in the provider contracts.

In addition, the Company uses the following accounting policies:

- (1) For the purposes of reporting cash flows, cash and cash equivalents include cash in bank and temporary and short-term funds. Cash and cash equivalents include investments with maturities of three months or less and short-term funds, which when purchased, are due to mature within one year. Short-term investments are stated at amortized cost.
- (2) Bonds and stocks are valued in accordance with valuations prescribed by the NAIC. Generally, bonds are carried at cost, adjusted where appropriate for amortization of premium or accrual of discount computed using the scientific (constant yield) interest method.
- (3) Common stocks and mutual funds are carried at market values recognized by the NAIC with the net unrealized gain or loss included in unassigned funds. Realized investment gains and losses are reported in the statutory statements of operations, based upon the specific identification method of securities sold.
- (4) The Company does not currently own preferred stocks.

The liability for reported claims is based on approved and preauthorized claims unpaid at period-end. The liability for claims incurred but not reported is calculated in accordance with formulas established by management and certified at year-end by an enrolled actuary. Management believes that the liabilities for unpaid claims and claims adjustment expenses are adequate to cover the ultimate net costs of claims to date, but the liability is necessarily based on estimates, and the amount ultimately paid may be more or less than such estimates. These liabilities are subject to continuing review by management and changes in estimates are reflected in current earnings.
