25. CHANGES IN INCURRED LOSSES AND LOSS ADJUSTMENT EXPENSES

Reserves as of December 31, 2020 were approximately \$126,000. As of June 30, 2021, approximately \$8,000 has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now approximately \$95,000 as a result of re-estimation of unpaid claims and claim adjustment expenses principally on private passenger and auto physical damage lines on insurance. Therefore, there has been approximately \$23,000 of favorable prior-year development since December 31, 2020. This change is generally the result of on-going analysis of recent loss development trends, potential claim litigation expenses and the closing of statutes on claim filings. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Since the businesses to which these changes relate is not subject to premium adjustments, favorable and unfavorable changes in expenses have the potential to impact surplus. The Company's policies do not provide for additional premiums or return premiums based on loss experience.
